

New Account Information/Parent Registration

When setting up an account you are required to set yourself up as the head of household. The benefits of this are that the head of Household is the first to be contacted in case of emergency and that everyone set up under your household that will be getting notifications will automatically be sent to the head of household as well. As the head of household, you can see all your household activities in your household calendar. You won't ever miss a game or a cancellation after you establish your account. You will be able to see if there are cancellations and or changes in your program schedule by just a click of a button.
