

NORTH KINGSTOWN RECREATION IS TEAMING UP WITH MAD SCIENCE and providing a new, fun adventure over April vacation!

MARVEL IN MOTION

This interactive event is all about the fundamentals of moving science with Newton's Laws of Motion. Discover the science of gravity and balance, kinetic beads, and watch us remove a tablecloth without clearing the table! All of these experiments are done with household objects.

We are excited to offer this fun presentation located at the **Cold Spring Community Center from 1 to 2pm on 4/18**. This is a show for people of all ages! A great family friendly event to spend an afternoon together in Wickford or on the Beach during your April Vacation! Please mail this form, form off or bring with you the day of the event, along with cash or check made to TOWN OF NORTH KINGSTOWN for **\$5.00** per child and join us for an hour of fun-filled, action packed excitement! (100 Fairway Drive, North Kingstown, RI 02852).

You can also register online at <https://nkrec.recdesk.com/Community>
